SPOT REMOVAL PROCEDURES

- SPOTS SHOULD BE GIVEN ATTENTION IMMEDIATELY. THE LONGER THE SPOT SETS, THE GREATER THE CHANCE OF A PERMANENT STAIN
- BLOT UP AS MUCH OF THE LIQUID AS POSSIBLE WITH A WHITE PAPER TOWEL. (PAPER TOWELS WITH DESIGNS WILL TRANSFER COLOR ONTO THE CARPET)
- APPLY PRESSURE TO THE TOWEL TO ABSORB MORE OF THE SPOT.
- REPEAT THE STEPS SEVERAL TIMES, TURNING THE TOWEL TO A DRY PLACE EACH TIME.

BLOOD: APPLY A COOL SOLUTION OF ENZYME DETERGENT WITH A SPONGE. ALLOW 10 MINUTES FOR THE SOLUTION TO WORK, BLOT WITH COOL WATER AND A WHITE PAPER TOWEL.

CANDLE WAX: SCRAPE OFF EXCESS WAX WITH A DULL KNIFE. LAY A WHITE PAPER TOWEL OVER THE WAX AND, WITH A BLOW DRYER, BLOW HOT AIR ON THE TOWEL. THE TOWEL WILL MELT AND ABSORB THE WAX. CLEAN WITH SOLVENT SOLUTION IF SPOT REMAINS.

CATSUP: APPLY A DETERGENT SOLUTION MIXED WITH COOL WATER, THEN BLOT WITH WATER. IF SPOT REMAINS APPLY AN AMMONIA SOLUTION AND BLOT WITH WATER.

CHEWING GUM: FREEZE SPOT WITH ICE CUBES, THEN SHATTER WITH A BLUNT OBJECT AND VACUUM OUT THE CHIPS. APPLY A SOLVENT SOLUTION, WAIT APPROXIMATELY 10 MINUTES AND BLOT WITH WATER.

CIGARETTE BURNS: CAN BE PARTIALLY REMEDIED BY CLIPPING OFF THE BLACKENED ENDS WITH SHARP SCISSORS, THEN WORKING IN DETERGENT SOLUTION AND BLOTTING WITH WATER.

COFFEE – TEA: APPLY A DETERGENT SOLUTION AND BLOT WITH COOL WATER. IF STAIN PERSISTS APPLY A VINEGAR SOLUTION AND BLOT WITH WATER.

GREASE – OIL: SPONGE WITH SOLVENT SOLUTION, APPLY DETERGENT SOLUTION AND BLOT.

SOFT DRINKS: SPONGE IMMEDIATELY WITH COOL WATER. APPLY A DETERGENT SOLUTION AND BLOT WITH WATER. APPLY AN AMMONIA SOLUTION, AGITATE, THEN BLOT WITH WATER.

TAR: SPONGE WITH SOLVENT, BLOT, THEN APPLY DETERGENT SOLUTION AND BLOT WITH WATER.

URINE: SPONGE REPEATEDLY WITH COOL WATER, AGITATE LIQUID DETERGENT INTO STAIN AND BLOT WITH WATER. APPLY VINEGAR SOLUTION AND BLOT WITH WATER.

VOMIT: SPONGE WITH COOL WATER. APPLY ENZYME DETERGENT SOLUTION AND LET STAND FOR 10 MINUTES. BLOT WITH WATER.

WINE: APPLY DETERGENT SOLUTION AND BLOT. IF STAIN PERSISTS APPLY AN AMMONIA SOLUTION, BLOT. IF STAIN PERSISTS APPLY A VINEGAR SOLUTION AND BLOT WITH WATER.

NOTE: DRY CARPET AS COMPLETELY AS POSSIBLE IMMEDIATELY AFTER SPOTTING TO AVOID OTHER DAMAGE. DIRECT A STREAM OF AIR FROM A FAN, WET DRY VACUUM OR HAIR DRYER TO SPEED DRY.

KEEP A FIRST AID KIT FOR CARPET HANDY

1. ENZYME DETERGENT
2. AMMONIA – 1 PART AMMONIA TO 3 PARTS WATER
3. NEUTRAL DETERGENT – LAUNDRY TYPE, 1 TBSP TO 1 PINT WATER
4. SOLVENT CLEANER – DE-SOLVE-IT
5. WHITE VINEGAR – 1 PART VINEGAR TO 3 PARTS WATER
6. A SMALL BRUSH FOR REMOVING SPOTS – DO NOT RUB TOO HARD – DISTORTION OF THE CARPET WILL OCCUR.
7. BLOTTING MATERIAL – SPONGE AND WHITE PAPER TOWELS

ASK YOUR TECHNICIAN ABOUT A SPOTTING KIT FOR YOUR HOME.
